Education Committee Chair - Gary Hisel
Education Elected Rep - Brett Ruffing
Membership Committee Chair - Brett Ruffing
Membership Elected Rep - Brian Lindroth
Emerging Professionals Chair - Cassie Nichols

Kentucky US Green Building Council (KY USGBC)

Kentucky USGBC has set an ambitious goal: ***a green school in every county in the next 20 years.***

Vision

To improve the health and welfare of all Kentucky citizens through a sustainable and responsible built environment.

Mission

To educate and promote the design, construction, and operation of buildings and the built environment in Kentucky that are environmentally responsible places to live, work and learn.

Aims

- Develop an organization of excellence to solidify the Chapter's capacity to impact market transformation within the Commonwealth of Kentucky to a sustainable built environment.
- Provide the education and forum for dialogue with all stakeholders including Kentucky's underserved population to drive an overall increase in the market's capacity for sustainable development and access to all.
- Advocate for public policy advancing the mission and vision of USGBC and educate policy leaders in the advantages of the LEED system as a standard for green building and neighborhood development.
- Encourage the use of Green Building Best Practices and additional tools and standards for certifying green buildings and neighborhood development.
